## TO OUR FRIENDS AND VISITORS

Free Masons of this country are becoming more and more awake to the fact that a number of men are going from city to city peddling what they call Masonry to an unsuspecting and in many cases an uneducated people. In all cases they prey upon the ignorance of the persons they gather in.

Various kinds of deceptions are used. In some instances they tell them that they represent the regular Masons and the reason it is so cheap that there is a dispensation on, and when they are made Masons by them that they can visit the regular Lodges just the same as any one else, and that the regular Masons are compelled to recognize them. After they succeed in getting several of them to believe the same thing, they hire a hall or use the rear part of one of the victim's barber shop, or some small church whose pastor is looking for a few dollars and some cheap lodge work, they will proceed to confer degrees from the first to the last, and then some, and be able to catch the last midnight car out of town.

The candidate, after he has paid his few dollars, puts on his pin and goes forth. Very frequently he encounters a fairly well versed white man who discovers that the bearer of the square and compass is not a Mason as he understands a Mason should be, but concludes that he is something and passes on without investigating.

The professional peddler is usually a smooth talker and takes one or two of the leaders in a certain section and confidences them and seeks their aid in rounding up enough to furnish him a nice little bank roll.

Once in awhile they hire a band and have a parade. This is scheme number two. When they find an easy field they go away and stay a few weeks or a month and return with a lot of printed documents showing that they have been given Supreme authority by some so-called grand lodge that it takes three months to get a letter from, announcing themselves grand master of the world. In other instances they claim that certain prominent white masons recognize them, a thing of such little importance that white men of prominence never consider. All of these are schemes to catch the unaware.

Unfortunately for the good of the community they once in a while catch a good man, but as a rule the majority do not represent the desired element, especially for Freemasonry.

Colored Masons of Ohio and particularly of Cincinnati, realizing the needs, are seeking to do all that is in their power to stem the tide of these bogus practitioners.

The following is a copy or a portion of the annual address of Asa H. Battin: "Most Worshipful Grand Master (white) of the Grand Lodge of Free and Accepted Masons of Ohio at the annual communication, Columbus, Ohio, 1875. For the benefit of those who

have never read the proceedings of that year, or 'Negro Masonry in Equity,' by Sir Samuel W. Clark, of this city, or 'New Day and New Duty,' by John D. Caldwell, also of this city, we are republishing that part of that famous address and the report of the special committee whose wisdom and integrity has never been questioned; that he who reads may judge for himself who legitimate Masons are, and their right to be recognized as such. We are thus preserving the Ancient Land Marks of Masonry and are transmitting its light to those who are found worthy."

An investigation of these spurious venders of masonry will prove one or two things, that they are either expelled from some legitimate lodge, or they have descended from that source.

### A Portion of the Annual Address of Grand Master Battin—1875

For nearly a century there has existed in this country an organized body of men who are generally known as "Colored Masons." They claim to be in possession of the same secrets with us; that the principles and objects of their organization are identical with ours; that they derive their authority from legal sources, and are in every sense of the term legal Masons.

For many years they have been seeking recognition at the hands of their sister Grand Lodges; and while but making little progress in our own country their claims have been recognized by Grand Lodges in other jurisdictions. The United Grand Lodges of Masons of Germany at their meeting in Darmstadt in the month of May last, adopted the following resolutions:

"With regards to the motion made by the Grand Lodge 'Prince Hall' (Massachusetts), and the Grand Lodge of Ohio, (Colored), the convention of Grand Lodges declares that these Grand Lodges appear properly constituted, and that the German Lodges will accord the members of those Lodges and their sister Lodges, without reserve and joyfully, acceptance into their Lodges."

It will thus be seen that the Colored Masons of America are securing that recognition abroad, which is denied them at home; and it seems to me, that upon the anniversary of our nation's birth, that the time has come when it is not only proper but right that we should take some definite and decisive action in good faith to ascertain the actual status of these organizations. I have not had time nor opportunity to examine the question as I should have done, owing to the long illness of my father, to whom I devoted my whole time for weeks in August and September; but it is very apparent to every one, either that they are Masons or they are not. If they are such, the fact can be readily ascertained; if they are not it can as easily be determined.

If they are possessed of the same knowledge which we claim, then the legality of their organizations become involved; and here the question arises that can probably never be settled in a manner entirely satisfactorily to the Masonic world. But what ever may have been their origin, their existence is undisputed; their Grand and subordinate lodge are in our midst. They are recognized as Masons by Grand Lodges of respectability abroad; they are asking recognition at the hands of Grand Lodges in America, and the question must be met by us. Brethren, why should we longer defer it? Shall it be because his skin is not

Swamps of Carolina, the Plains of Hindoostan, the Sands of Arabia, the Snow Capped Summits of Norway, the Emerald Isle, the Sunny Fields of France, or from whatever nation or clime he may have traveled, if he is a Mason and can prove himself such, he should be welcomed as a man and a brother into our Lodges and entitled to equal rights in our great brotherhood.

The boast of Masons has been that its votaries possess the same mystic language in every clime, that its language is universal, entitled to recognition wherever heard or manifested, and that all Masons, in the

CAESAR R. BLAKE  
Imperial Potentate, A. E. A. O. N.

colored like our own we shall spurn the Colored Mason with contempt? Or shall we not rather examine into the condition of the organization of which he is a member and in which he has received light, with a view to effecting a complete union of the Masonic family in our country, when each may recognize the other as a brother, traveling the same great highway of life to a common destiny? I am aware of the prejudice against the African race. I am not entirely free from it myself. We all have our passions and prejudices, and we should use our utmost endeavors to keep them within due bounds. But whether he comes from the jungles of Africa, the

character of Masons stand upon the most perfect equality. At present in our own country we can not recognize Masons receiving light in Colored Lodges. We are presented in our own state with the anomaly of two Grand Lodges, each with a great number of Subordinate Lodges, all teaching the same great truths, speaking the same language, and yet the one not permitted to recognize the other, and all intercourse between the two prohibited.

In this great Centennial year whilst liberty and equality are shed abroad through our great nation, is it not right and proper that we, as Masons, shall at least attempt to bring about by proper means and

in a legal manner, a union of these two Grand Lodges in one state? If there is any illegality in the organization of either let it be healed. It has been done before and it can be again. Let us, then, with that charity and liberality which characterizes all Masons, extend the fraternal hand of fellowship to our brethren of every nation, clime, race and kindred under heaven. And let it be, too, not only in name, but in spirit and in truth. Let us illustrate our teachings by example, and as the crowning glory of Republican Government is the equality of all men before the law, so the crowning glory of our mystic temple be the equality of all men without regard to race or previous condition. Brethren, this question must be met. We may, for the present, pass by on the other side. We may look upon it, fold our mantles around us, and pass on; but the good Samaritan is coming, has come and is pouring the oil of fellowship into the wounds, binding up the bruises and taking the sufferers to his own house.

Why should we longer delay? I am vain enough to believe that we are capable of meeting it fairly. I have faith in our people. I have faith in their sense of justice and magnanimity. I can not believe that many years can elapse before the great body of Colored Masons will be recognized as a part of the great Masonic family and accorded their rights as such. I have candidly expressed by opinion, and I leave the matter to you for your consideration, earnestly hoping that you may have wisdom to devise some means by which the Masons of Ohio may be united into one family and brotherly love prevail. If within the great centennial year this result can be accomplished or measures taken looking to such result, we shall have reason to rejoice that the march of progress is onward and upward and the universal brotherhood of men on the western continent, fully, fairly, and unchangeably established, and the world made better by our example."

This part of the Grand Master's address was referred to the following (committe, special), Lucius V. Bierce, Past Grand Master, Enoch T. Carson, of Cincinnati; Ferdinand Willmer, Louis H. Pike and Charles A. Woodward who succeeded Mr. Asa H. Battin as Grand Master.

### **Their Report Read as Follows:**

Your committee to whom was referred so much of the annual address of the Most Worshipful, and accompanying documents, as relates to the so-called Colored Lodges, and more especially the Colored Grand Lodge of Free and Accepted Masons of the State of Ohio, have given the subject careful consideration, and respectfully submit the following:

We do not propose, nor do we deem it necessary at this time, to enter into the history of the origin of so-called Colored Freemasonry in this country. That subject has been fully discussed in nearly all the Grand Lodges and Masonic periodicals of this country for more than twenty-five years past.

Your committee deems it sufficient to say that they are satisfied beyond all question that Colored Freemasonry had a legitimate beginning in this country, as much so as any other Freemasonry; in fact, it came from the same source.

Your committee will not attempt, at this time, to investigate as to the transmission of this legitimate beginning down to the present time, when we find more than forty Subordinate Lodges and a Grand Lodge of so-called Colored Freemasons, and an aggregate of more than eight hundred members in the State of Ohio.

Your committee has only to say that such is the fact.

Your committee has the most satisfactory and conclusive evidence that these Colored Freemasons practice the very same rites and ceremonies, and have substantially the same esoteric or secret modes of recognition as are practiced by ourselves and by the universal family of Freemasons throughout the world.

The question of the recognition of these Colored Freemasons has long been before this Grand body, and your committee feels that its importance is pressing upon us, and demanding prompt, serious, and decided action.

# History of Sinai Temple No. 59, N. M. S.

By FRANK BROWN, *Illustrious Potentate*

This Temple was instituted in March 29, 1913, by Noble John H. Murphy, Sr. From that time up to October, 1915, there was very little known and a very little attention given to this Temple by the craft in this Oasis. At the session of the Imperial Council held in Indianapolis, August 1913, Sinai Temple was granted its charter. The charter remained in the hand of Noble J. R. Jackson for two or three years, until Noble G. W. McKoin, the Imperial Potentate, in October, 1915, authorized Noble Frank Brown to organize Sinai Temple into an active body, at the first opportunity.

There was a special session of Sinai Temple called by Noble Jackson who had preferred charges against Noble Brown to expel or suspend him from the order on the account of his activeness in trying to take Sinai Temple off of paper and making a real temple out of it.

The following Nobles attended the special session: J. R. Jackson, *Illustrious Potentate*; C. A. Farmer; P. S. Jones, *Assistant Rabban*; Jos. L. Jones; C. S. Williams and Frank Brown, total six. This was the largest session that I had ever attended at Sinai Temple notwithstanding being a member about three years. When I received the order by communication there were four Nobles present, J. R. Jackson, *Illustrious Potentate*; William Copeland, P. S. Jones and J. E. Jackson. By the authority given me by the Imperial Potentate I was able to take the advantage of the session that called to suspend me, and induce the Nobles present to hold an election of officers in order that new life may be injected in the order. After much discussion Noble Jackson agreed with us to hold an election, this being the first election ever held since the temple was instituted. The following officers were elected for the ensuing term: Jos. L. Jones, *Illustrious Potentate*; C. A. Farmer, *Chief Rabban*; Frank Brown, *Assistant Rabban*; C. S. Williams, *High Priest and Prophet*; P. S. Jones, *Illustrious Recorder* and J. R. Jackson, *Treasurer*.

At our session held in November, 1915, seventeen applications were received for the order. Noble Jones served at Potentate two years and three months. At the annual session held December, 1917, Noble Frank Brown was elected *Illustrious Potentate*. At this time the temple had grown to the numerical strength of forty-five members. When Noble Jones took over the temple there were no record books or money, nor any thing else belonging to the temple that were turned over to Noble Jones since 1917, with a membership of forty-five. We now have a membership of one hundred and thirty-four and a large class now awaiting the order at our next ceremonial session.

We the Nobles of Sinai Temple are in debt of gratitude to Noble G. W. McKoin, through him we were with the help of God able to place our Temple upon the map of Shrinedom, and now we are highly honored by the Imperial Council in holding its Twenty-first Annual Session in the Oasis of Cincinnati, August 22 to 27, 1920.

## A SAFE INVESTMENT WITH SATISFACTORY EARNINGS WITHOUT RISK OR SPECULATION

**The Best Investment on Earth Is Earth**

INCOMES ARE CREATED BY SAFE INVESTMENTS NOT BY SPECULATION. People who are building up substantial incomes are those who put their money where it is safe, where the income is liberal, plus rapid increase in value, and where they have a mortgage on the full earning power.

There is no investment safer—none so sure to enrich its owner—none so abiding as UNIMPROVED REAL ESTATE in a growing community. When you buy land you are exchanging your money for the most certain thing in the world. The element of speculation is almost entirely removed. Good agricultural land is the foundation of all lasting prosperity. "THERE IS NO SUCH SAVINGS BANK ANYWHERE."

### **An Unparalleled Opportunity in Cherry Grove Awaits You**

An opportunity to insure yourself against want and poverty for all time to come. An opportunity to lay the foundation for the ownership an income producing estate, ideally located and adapted to the growth of FRUIT and GENERAL FARMING in one of the most fertile—the most healthful—and the most delightful sections of the entire country.

An opportunity to secure an ORCHARD HOME in the

land of SUPERIOR FRUIT and flowers—of beautiful LAKES and streams—and blessed with every gift that bountiful nature can bestow.

### **The Plan Is a New One**

We clear the land and plant a shade tree in front of each estate and FIVE cherry trees, TWO apple trees and ONE HUNDRED AND FIFTY strawberry plants on back, and cultivate the trees and plants for a period of four years without extra cost to you or inconvenience on your part while you continue your present occupation. After development we continue to cultivate your estate for you for a small per cent of the net profits.

### **You Are Independent Yet You Profit By Organization and Co-operation**

The cost of a Cherry Grove Estate is only \$54.50—\$5.00 down—\$3.00 per month. Size, 30 x 144 feet. No interest. Warranty deed. MONEY BACK GUARANTEE. OUR FREE DESCRIPTIVE BOOKLET, "THE GARDEN OF OPPORTUNITY" TELLS ALL.
